

Workshop Topics

Where do you want to invest your time and energy this year? As the Lord leads, we want to come alongside people on their faith journeys and help them develop healthy self and family through our "Safe Harbor Ministry" (go to <http://www.onechallenge.org/doh/> for details) as well as through small group workshops listed below:

- *Coaching Parents in Life-Based Mentoring*
- *Coaching for the Faith Journey: Discover Your Life DNA and Let Your Life Speak*
- *Fostering a Lifelong Learning Posture: Whole Life Curriculum*
- *Developing Healthy Biblical Manhood and Womanhood*

As the Lord opens doors for us and connects us with various teams, churches, and organizations in different parts of the world, we want to help them develop healthy teams through workshops that are designed for that purpose:

- *Creative Strategies for Building a Healthy Team*
- *Organizational Culture and Change Management*

When churches and organizations become healthy, they can posture themselves for further growth and significant impact by creating and applying healthy ministry patterns and practices. We want to help them explore how they can do that through workshops such as:

- *Mentoring for Capacity Development*
- *Exploring a Paradigm Shift in Ministry Ethos and Practice*
- *Coaching Small Group Leaders in Life-Based Mentoring*
- *Creating Experiential Learning Tasks in Training*
- *Living an Incarnational Lifestyle and Integrated Ministry*
- *Coaching for Pastoral Leadership Development*
- *Sharpening Your Facilitating Skills*

Healthy churches and teams, Lord willing, will move toward strategic and intentional outreach locally and globally. Our prayer is that He will enable us to encourage these churches and teams to move toward holistic outreach in their city and to the nations through workshops such as:

- *Design Your Impact and Master Your Plan*
- *Designing a Missional Church*
- *Pathways to Involvement in Missions*
- *Life-Based Mentoring Journey for Missionary Candidates*
- *Coaching Missionary Leaders in Life-Based Mentoring*
- *Incarnational Lifestyle and Ministry of Missionary*
- *Biblical, Historical, Cultural, and Strategic Perspective on Missions*

Anticipating what the Lord has in store for us this year,

Daniel and Ellen
