

OC GLOBAL ALLIANCE - The Power of Partnership

One Challenge in the U.S. is one part of the greater OC Global Alliance, a coalition of 11 global sending centers established in 2010. →

These global sending centers partner together by sharing resources and experience to advance God's kingdom work.

Each member of the Global Alliance remains independent, with its own accountability, funding, and personnel.

Although separate, Global Alliance members commit to a shared vision, mission, strategy, and values and choose to work alongside one another around the world.

God is blessing this global collaboration.

In 2016, the 718 OC Global Alliance workers experienced:

103,588
