

# One Challenge Mobilization Team

**The U.S. Mobilization Team** is committed to seeing more mission workers join the global kingdom effort. Representing at conferences around the country, meeting people at restaurants and homes, responding to contacts by phone, email or social media, and creating blog posts, podcasts, and videos fill their days as they seek to inform and encourage those God leading toward cross-cultural ministry.

“ All members of the body of Christ contribute to the growth of God’s kingdom. We want to guide you in finding where you fit, providing you with the community training, and experience you will need. ”
