

One Challenge Leadership Development Program

From its inception, OC has been all about leader development. We ensure our mission workers continue growing and developing as leaders through the annual summer *Leadership Development Program (LDP)*. This workshop brings together furloughing mission workers and leaders from our U.S. Mobilization Center.

The **PURPOSE** of the LDP is twofold:

- **EQUIPPING** workers for their own growth and development (and for the sake of OC organizational strength)
- **STRENGTHENING** our workers so they can in turn develop leaders across the globe
