

# PRE-FIELD TRAINING IN AN ONLINE ENVIRONMENT

In the wake of COVID, One Challenge changed this year's summer training program. Facilitators for CORE (training for new mission workers) had to come up with creative options.

They have re-tooled this training into a hybrid of weekly online video sessions (April-July) and will hopefully have in-person training as allowed.

## Desired Outcomes of an OC Training Environment

**A RESOURCE FOR YOU ...** Post COVID, many are recognizing the need to make sure wills and other healthcare papers are up-to-date. OC has a working agreement with PhilanthroCorp for free review and input from a biblical perspective into these important matters.
