

LEARNING

CONFERENCE

In April, One Challenge leaders from all over the world joined together virtually on Microsoft Teams for the 2021 Learning Conference. Though the first of its kind for OC, the conference proved a success, with learning and meaningful connection for all.

In the days and weeks after the conference, OC leaders expressed their gratitude and congratulations for the valuable time together.

- *“I wanted to complement you on a job well done. You guys raised the bar for virtual conferences.”*
– Craig K., Outreach Canada
- *“The best global leadership virtual conference I’ve been to – but terrible snacks.” ;)*
– Rich H., Asia Area Director
- *“Positive authenticity of the sharing. There was bonding among the OC GA participants.”*
– Dean C., OC USA President

SUMMER

PROGRAMS

After canceled programs in the summer of 2020, One Challenge workers are excited to be in-person for OC’s training program – CORE – and OC’s retreat, Personnel Enrichment Program – PEP.

With appropriate precautions, we are looking forward to being face-to-face for meaningful connection and rejuvenation after a year of unexpected challenges.

Will you pray with us?

- Pray for health and safety with the continued complexity of COVID-19.
- Pray for good connections and deep conversations.
- Pray that everyone would feel seen, heard, and well-prepared for the next steps of their mission journey.
