

Get to Know One Challenge: **GUIDING PRINCIPLES**

Finding our inspiration in God, we value innovative risk-taking and experience freedom in his grace. With this guiding principle in mind, what does a traditional disciple making movement do when a country shuts down due to a global pandemic? Go online, of course! In the Philippines, Discovery Bible Studies shifted to a purely online format, allowing Filipinos with even the smallest amount of cell phone data to access online group chats.

With barriers removed, more people groups have access to discipleship and Bible teaching. Also, with training, believers are being empowered to reach beyond their communities, share the gospel, and disciple one another. Leaders have even worked out a way to perform baptisms through a group chat! Even after the end of COVID, online Discovery Bible Studies via group chat are here to stay.

CREATIVITY

We are lifelong learners who seek to grow in competency as we serve the body of Christ in its context and intentionally mentor, coach, and disciple one another.

LEARNING

In April, just over 80 OC leaders and workers participated in the virtual 2021 OC Learning Conference. Using different methods of adult learning and dialogue education, participants journeyed through five modules – from understanding the current volatile, uncertain, complex, and ambiguous context to focusing on outcomes vs. outputs.

In addition to the “live” conference, in order for OC workers to continue to apply learning and grow in ministry, One Challenge worked with a Christian association of coaches to provide a coach and coaching sessions for all participants. Although learning happens in many contexts on ministry fields, the 2021 OC Learning Conference represents the guiding principle of lifelong learning in a structured format.
